Dear Fergus,

I would like to thank you and your colleagues for arranging the recent round-table event with members of Aberdeen & Grampian Chamber of Commerce. Please also share with your members the appreciation of my MSP colleagues Douglas Lumsden and Alexander Burnett.

It was a valuable opportunity for us to hear directly from so many business people, representing a varied range of sectors, about the opportunities and challenges they face, and what they would like to see from the governments in London and Edinburgh.

My party is proudly pro-business. We wholeheartedly support those who create jobs, opportunities and wealth. And we will continue to champion Scotland's world-leading energy industry, both renewables and oil and gas.

Finally, I would like to thank the chamber for the important work it does in standing up for Aberdeen and the North East and giving businesses such a respected and effective voice.

With economic growth at the centre of my party's election campaign for next year's critical Holyrood election, I look forward to continuing to work with the chamber and its members.

Kind regards,

Russell Findlay MSP
